# **Pulmonary Rehabilitation**

We offer specialised pulmonary rehabilitation for those with chronic respiratory diseases such as chronic obstructive pulmonary disease (COPD) or other respiratory conditions. We offer individualised programs to optimise function, reduce respiratory symptoms and improve endurance and general muscle strength

# What is the program?

After a consultation with our Rehabiliation Specialist, an individualised program including strength and cardiovascular training will be made to help you regain independence and resume daily activities.

- 2 3 sessions per week
- 1.5 3 hours per session (depending on health fund)
- · Refreshments provided
- Individual assessment and goal setting

#### You may have access to:

- Physiotherapy
- · Occupational Therapy
- · Exercise Physiology
- Social Work
- Dietetics
- Hydrotherapy

# How do you access the program?

 Referral from your GP or specialist

#### Costs?

- Most costs are covered by your Private Health Hospital Cover as Day Rehabilitation (please contact us for more information as funds vary)
- Most costs covered with DVA Gold Card, Work Cover or Third Party Insurance
